Annual Index

The Logistics and Transportation Review
Volume 20 — 1984

Anderson, Douglas R.
Microcomputer Software Applications in the Trucking Industry 387

Ash, Lloyd L.
Using a Microcomputer for Costing and Pricing Truck Operations 413

Babock, Michael W. and German, H. Wade
The Impact of Deregulation on Rail TOFC Carloadings 205

Baker, Edward K. and Sugrue, Paul K.
Experience with Microcomputer Models Developed for a Caribbean Tanker Company 427

Belshaw, Paul N.
Microcomputer Popularity and Its Lessons 315

Black, William R.
An Evaluation of Nine Methods of Projecting Rail Branch Line Traffic 67

Bohlander, George W. and Farris, Martin T.
Collective Bargaining in Trucking — The Effects of Deregulation

Bruning, Edward R., and Tehranian, Hassan
Deregulation and Investor Perception of Motor Carrier Securities 165

Chatterjee, Subir K.
Microcomputer Based Logistics Information System 502

Chow, Garland and Poist, Richard F.
The Measurement of Quality of Service and the
Transportation Purchase Decision 25

Chow, Garland
Microcomputers in Logistics 471

Committee on Transportation Data, Washington, D.C.
Chapter, Transportation Research Forum
A Guide to Compilations of Transportation
Data Sources and Systems 91

Corsi, Thomas M., Fanara, Philip Jr., and Roberts, Merrill J.
Linkages Between Motor Carrier Accidents and Safety Regulation

Dumbleton, John S. and Marcus, Henry S.
A Survey of Micro- and Minicomputer Applications
in Marine Transportation 417

Ezzat, Mohamed, O.
Microcomputer Scheduling of Materials Handling Vehicles
in a Jobshop Environment 517

Fanara, Philip Jr., see Corsi, Thomas M.

Farris, Martin T., see Bohlander, George W.

Ferris, Richard J.
Playing the Game after the Rules Change 77

German, H. Wade, see Babcock, Michael W.

Ghonima, Hazem
An Economic Planning Model for the St. Lawrence Seaway 449

Grimm, Curtis M.
An Evaluation of Economic Issues in the
UP-MP-WP Railroad Merger 239

Harmatuck, Donald J.
A Methodology for Decomposing Motor Carrier Profits 99

Horn, Kevin
Shipper Suport and Entry into Regulated Interstate Trucking 111

Hu, Michael, see Bruning, Edward R.

Kimbriel, D. Scott
A Survey of Microcomputer Applications in Air Transportation 463

Kirkby, R. G., Lawrey, R. N. and G. C. Watkins
Regulated Pipeline Tariffs in Canada —
A Sensitivity Analysis 195

Lawrey, R. N., see Kirkby, R. G.

Layton, Allan P.
The Impact of Increased Penalties on Australian
Drink/Driving Behavior — A Procedural Note 187

McCarthy, Patrick S.
Automobile Captive Choice Behavior —
An Application of Nested Logit Analysis 127

Manheim, Marvin
The Impact of Microcomputers on Management
Productivity and Organization 299

Marcus, Henry S. and Martland, Carl D. and Raymond, G. B.
Volume Variable Budgets;
Terminals on the Boston and Maine Railroad 373

Marcus, Henry S., see Dumbleton, John S.

Martland, Carl D., see Marcus, Henry S.

Martland, Carl D. and Waters, W. G. II
Adoption of Microcomputers: Strategies and Implications 309

Martland, Carl D.
Microcomputers in Rail Transportation: A Survey 347

Obeng, Kofi
The Economics of Bus Transit Operation 45

O'Neil, Brian F.
Direct Store Delivery Distribution — An Evaluation 83

Oum, Tae Hoon and Tretheway, Michael W.
Reforming Canadian Airline Regulation 261

Poist, R. Richard, see Chow, Garland

Raymond, George B., see Marcus, Henry S.

Rice, William E. and Sherwood, Charles S.
Microcomputer Literacy in Transportation and Distribution 327

Richards, C. E.
Monitoring Rail Transit Time Using Statistical Process Control 509

Roberts, Merrill J., see Corsi, Thomas M.

Rogers, Gordon A.
Microcomputer Support for Market Penetration via Regional Transfer Yards 367

Robinson, John
The Dark Side of Micros 337

Roueche, L. R.
A Microcomputer Executive Network at the British Columbia Ferries Corporation 442

Sherwood, Charles S., see Rice, William E.

Sugrue, Paul K., see Baker, Edward K.

Tehranian, Hassen, see Bruning, Edward R.

Tolliver, Denver D.
Economies in Density in Railroad Cost Finding: Applications to Rail Form A 3

Tretheway, Michael W., see Oum, Tae Hoon

Van Dyke, Carl
Using Microcomputers for Complex Specialty Software: A Case Study of the Service Planning Model 357

Waters, W. G., II
Introduction: Applications of Microcomputers in Transportation and Logistics 293

Waters, W. G., II, see Martland, Carl D.

Watkins, G. C., see Kirkby, R. G.

Wilbur, Toni
Promoting Software Exchange Transportation Professionals 321

Wilson, Hoyt G., see Ezzat, Mohamed O.

Wyatt, Eve M.
Microcomputers in Urban Transit: A Review 527
